He won't say anything that's not convenient for the situation anyway

He asked me just too power-house

Well,
it's not like we're going to refuse and leave him out anyway

It's not like something like 'that next 2000 years'...

He was just asking just for the bottom of the story...

Who knows?

That we can continue remaining together

For just a little bit...

I am honestly delighted

Why'd you bring enough of that poison, wasn't we?

Instead of this, what's next is more important.

ARE
YOU
MA-
RI-
GUE
IT?

He
surprised
those
doctors...
but, aren't
you...?"

It's
that
he

Master
has
been
waiting
for you

We've
seen
Drupa-
can from
the tele-
scope

Wait...

This
child
seems to
know me,
but... Was
this child
here, when
I last
came?

Do you
finally
feel like
going to my place?

I'm
going.

It had
been a
while.

There
was
none.

It's...the
strange
jam of
Anthony's,
huh...?

Here
it is.

As if life
the people
baking
the praying
devotions,
many two
thousand
years...

The
people
who came
here have
also been
praying
devotions
about it

What
do you
think
of it,
Inevitable
Lord?

If you
can't do
anything
about it,
then you
can only
pray

Just
the truth
about the
Inevitable
devotions,
then people
do not of
course
know in their
entire
life

What
about
it,
master?

Not
know

Even if
master
that
it's not
known,
after
all

What
if it
is
known
no

The
Lord
knows
there
are people
of those
who kept
dying on,
without
abandoning
the days
to see very
and

Even
myself
doesn't
understand
the feeling
of living
in other
ways that
I don't
know
at

Other-
wise, they
might had
been able
to abandon
the days
and run
from it,
right...

You
brought
nothing
but I got
bored
things,
huh

That...

It seems to be some
mineral
animal's
tongue,
stuffed
together
with
distilled
beer.

Which
animal
has it?

I haven't
seen
this
one.

This is
wrong
from
West
Berkshire.

How he
speaks and
handles
his body
seem so
familiar to
how Lynn
did.

What's
odd is
that
mackerel
fish oil...

The
container
in your right
hand seems
to contain
gold instead
of mackerel.

so I
bought
them
from the
common
shops.

I've
heard
that
you like
things
that
taste
odd...

If
Lynn-san's
words were
not followed
through it
would immo-
bably be
spoken out.

No, it's
just that
person...

What
do you
think?

Despite
that, her
immoderate
personality
didn't seem
to spread
far.

Sure
the world
before he
lost his
memories.

I
apologize
for the
trouble
they have
caused
you.

must
have
been
together
with
Lynn.

ねえシエルさ……

また行きたいね……
博物館……

……

……
……

ねえシエルミ...

不動彌 また来てくれるかな...

あれ...
どのくらい
まえだっけ...

シエルミ...?

.....

私たち双子
なのにね...

どうして一緒に
行けないんだろ...

でも
もうすぐって
わかるよ...

双子だもん

ねえ...

...

Shirazel returns to the Abyss

What...?

What this...?

Marshall returns to the Abyss

Astolat returns to the Abyss

Suzuki returns to the Abyss

And these...

Nametags?

Are
these...
people's
names...?

all of
these
Eternal
Fortunes...
petals
of the
Power of
resilience.

Falling at
a speed so
fast I can't
even see
them...

The
center
of the
hole...

And
these
all...
the
names
of the
dead...?

What...?

and on
funerals.

These are the
flowers of
resilience. We
use them
on days of
celebration

What is
happening
in the
Abyss...?

?

不覚...
